

## 5. Problem Statement

1. How to Import SAS XPORT Files into R With The foreign package

```
library(foreign)  
data <- read.xport("input1.XPT")
```

2. How To Import SAS Files into R With The haven Package?

```
library(haven)  
data <- read_sas("input1.SAS")
```

3. How to read Weka Attribute-Relation File Format (ARFF) files in R?

```
library(foreign)  
data <- read.arff("input1.ARFF")
```

4. How to read a heavy csv/tsv file using readr package?

```
df <- read.table("C:/Users/BastianSol/Downloads/295717112-list-of-email-ids (1).xlsx")
```
